Suwannee Echoes

VOL. III NO. 5 SEPT. 12

WHITE SPRINGS, FLORIDA

McCARTY LEAVES

Mr. William A. McCarty, Camp Educational Adviser, of this company, left last week for his home in Miami, Florida.

Mr. McCarty has been with us for the last few month's, and we regret that he had to leave us. While he was here he made many friends in camp and surrounding territoyy and his absence will be greately missed by all concerened.

We hope that in the future he will come back to pay us a visit. In the meantime we wish him much luck and success in his new surroundings.

LT. GASTON HERE

Lt. Gaston, District Mess Inspector, was in Camp last Monday on his monthly Inspection Tour. We are proud to say that our camp was in pretty fair condition due to the fact that it was over the Labor Day vacations.

May we keep our camp in Top-Notch condition all of the time, for we never know who and when we will have visitors.

We feel that Lt. Engert, Mess Officer, is t to be congratulated on his untiring effort in getting and keeping our Kitchen and Mes in Top Shape.

CAPTAIN PHILLIPS VISITS CAMP

Captain Phillips, District Inspector-Instructor, was in Camp on a brief visit this week. It will not be vexy long before The Captain will be here on his regular Monthly Inspection Tour. Let's have our Camp in Top-Notch Condition, for his inspection and then keep it that way.

HOT WATER TANK AND BOILER TO BE INSTALLED

Winter is comeing on, thath means that we will have to have hot water to use in taking our showers, Therefpe, Lt. Mercer has arranged and already completed the plans for our hot water system. He recently sent struck over to the Ocean Pond Camp and brought back a boiler and pipes to be used in the plans for hot water. As we Know, "Where There is a Will There is a Way".

WELCOME

We here that Lt. Garner, Former Lt. and Commanding Officer, of This company has recently been appointed as C. O. of the Ocean Pond Company. Lt. Garner made many friends while here on his tour of duty, And it is a pleasure for SUWANNEE ECHOES to welcome him back to this Vicinity. We wish him mych Luck and Success in his new Company.

With the ending of this month, also comes the ending of another enrollment period. We hear that quiet a few of the boys are going to leave us. We are very sorry to hear this. But nevertheless, Suwannee Echoes takes time off to wish them much luck and success in their new surroundings

Some of the boys who are leaving us have been here for quiet a long time.
We hope that they have been able to accomplish more that they even expected while here in the CCC. Play fair and shoot square always remember that SAFETY is the bes polise in every respect.

When casting your ballot for this popularity contest, please put the person best suited f for this position . (Clip and give to Shorty Smith) Editor of NEWS PAPER.

I Hereby certify that the Following named man is the:--------

_____ (Most brilliant man in camp)

SUWANNEE SLUDGE

Just what is this about J. P., and BLACK-SMITH PREVATT being COUSINS? Ask some of the LADIES around Lake City.

BASS, if you can't do nothing, then go get the HUMP out of your back.

STALVY, why didn't you tell us you had been waiting twenty years for such a little thing I'm sure the boys would have chipped in and bought you a pair, Then you would have saved the Magician a lot of trouble.

Ask the ENGINEER on train #115, NO STOPS NO RUNS.

VERGIL says to BIGHEAD, "Well go get CROSS They can't do him like that"!

Come on in GERLD,----Yessss, Thats the way you do me. ----ZOOOOOOM,----Gone is GERLD.

We wonder why VIRGEL , was out the other evening and two little girls wanted to go with him. But VIRG. said that he only had one CRADLE, so they were out of luck.

Then there was the guy named SILCOX, who said he was the GOVERNOR, and UNDISCHARGABL

FORESTRY

SAFETY

All Leaders and Asst. Leaders, who do not report accidents of any description immediately after they happen, will be derated. IF A BEE STINGS ONE OF THE MEMEMBERS REPOH IT AND GET FOUR WITNESSES, THIS IS IMPORTANT!

A massAsafety meeting was held this week, Demonstrations of the Foot Adz, Cross Cut Saw, Club Ax, And Broad Ax, were given, Everyone is urged to follow these rules of safety, The quicker we become safety Minded the better it will be for all concerened.

If a man don't care to learn anything About safety, we have a new way of teaching him. The lessons are very simple: First you are handed a slip of paper, and on this paper you will read EX. CC BOY.
So lets EAT SAFETY, SLEEP SAFETY, WORK SAFETY RIDE SAFETY, WALK SAFETY!
SAFETY SAFETY SAFETY

Las tweek end was filled with good times for all of the boys----and all of the boys were filled with SAFETY.

POWER HOUSE WHIDDEN, The boy from down younder, Visisted the beautiful city of hi birth. He was met at the depot by 2 suckers, 1 Tad Pole, a Tailless Mullit and 3 Crab s, He had one sucker with him, Can you imagine his surprise.

REPORT ON SEXTON ACCIDENT

We received the recoil on the big shot that was fired a few days ago. and two of our best LEADERS were derated. Two of The forestry Personell felt the effects also. The results of this accident could have been lots worse but due to the fact that we had a square shooter on the job all concerened got out pretty light.

We would all like for Mr. Kemp to visit us again, but not on an INVESTIGATING Visit. For our ddys of Accidents are all Over. We Hope.

The Two most important words in the CCC:

SAFETY ----------&---------- K. P.

MORE ABOUT SAFETY

Safety regulations are our most important Subject, at present. In the last month we ######## had a rather serious accident that could have been avoided.

Safety instructions have been given covering this accident time after time. Mr. Pate and Mr. Heynes, and the two leaders are now haveing to take the Ill effects of this mishap. All Leaders and asst Leaders and Truck Drivers are called to a safety meeting once a week, and arE given Instructions on Safety. They are supposed to keep the enrollees straight in the woods, they are supposed to warn them and do their best to free theirselvs from all cause of an accident should one occur, to a member in the woods.

A safety regulation was sent to us July 11, 1936, whish reads that any enrollee who has been warned and still has two accidents, that are caused by disregarding the safety rules, shall and will be recomended to the Company Commander for an Adminstrative Discharge.

This safety regulation will be carried out in every respect. in the future.

All trucks hauling logs must have chains to lash the logs to the truck. No enrollee is to be caught riding a tryck hauling log The proper trucks that enrollees ride, wil be eqipped with side boards, tail gate, and bows. The drivers have all been instructed in the proper manner in which the Enrollees are to be loaded.
